The following details are being collected for an initial evaluation of the ability of a community's fire halls to provide a level of wildfire specific response. These initial five areas of focus are based on the report by National Fire Protection Association (NFPA). [Wildland/Urban Interface: Fire Department Wildfire Preparedness and Readiness Capabilities](#). January 2017

The following questions can be submitted through [FUS community portal](#) or by completing and submitting this form.

Complete one form for each fire hall that has a [Wildland Fire Apparatus](#).
